**PRECASH WINS HOUSTON BUSINESS JOURNAL'S ENTERPRISE
CHAMPION AWARD AND PLACES ON THE 2006 FAST TECH 50**

HOUSTON, Dec. 8 — PreCash has won the Houston Business Journal's Enterprise Champion award for the second consecutive year, and placed 42nd on the 2006 Fast Tech 50. The Fast Tech 50 award recognizes the top 50 fastest growing technology companies in Houston. This recognition comes on the heels of several other recent awards for PreCash, including ranking Number 75 on the Deloitte Fast 500 and ninth in Deloitte's Texas Fast 50.

The Enterprise Champion award goes to two of the Houston Business Journal's Fast Tech 50 award recipients. Enterprise Champions are leading businesses that distinguish themselves not only in growth and industry leadership, but in innovation, challenges overcome, and significant milestones that have brought the companies where they are today. Companies considered for the award also provided information about their commitment to the Houston business community.

In 2005, PreCash increased its revenue by 48 percent, from \$15 million in 2004, to \$22 million in 2005. PreCash CEO John Chaney credits the increase in revenue growth to the company's focus on speed and efficiency over the past five years.

"This is truly an honor to be selected as an Enterprise Champion for the second consecutive year," said John Chaney, CEO. "We will continue to strive for this level of innovation and efficiency."

PreCash operates the nation's most comprehensive network for bill payment, prepaid wireless refills, and prepaid MasterCard and Visa card products aimed at the cash-centric consumer segment, which includes more than 65 million people in the United States.
